About Us

The Siam Fine Chemicals was among the first to be granted a BOI privilege to manufacture chemicals used in the textile Industry. We are one of the major importers of base oil and lube oil blenders in Thailand. The Siam Fine Chemicals manufactures lube oil for automotive and industrial usage under many local and international brands.

SYNTHETICS

ExonMobil Chemical

To Whom It May Concern:

We are pleased to announce that EMCAP-Synthetics has signed a letter of agreement with Siam Fine Chemicals Co. Ltd (SFC), effective 1 Sep 2003, to be our distributor of Group 4 (PAO) and Group 5 (esters and alkylated naphtalene) baseoils in the Thailand market.

SFC will be offering ExxonMobil Chemical's full viscosity range of PAO marketed as Spectrasyn TM and Spectrasyn Ultra TM along with our high performance esters (Esterex TM) and Alkylated Napathelene (Synesstic TM).

We would appreciate your kind cooperation in working with SFC to provide them with information they need to enable them to serve you better in all your synthetic basestock requirements. Please be assured that SFC will receive our full technical support from our team of experts.

Thank you for the opportunity to be your supplier of choice.

Best Regards,

Tim K. Callery
